SUMMARY

Motivated and dedicated Computer Engineering student with a passion for web development. Experienced in building innovative projects, leveraging cutting-edge technologies to deliver impactful solutions. Proficient in HTML, CSS, JavaScript, Python, SQL, PHP, Node.js & Express.js with a strong foundation in database management and web development. Excels in creating responsive and user-friendly websites.

EXPERIENCE

WebDeveloper Internship
02/2023 - 06/2023

Vitorscape Technologies
Mumbai, Maharashtra, India

Contributed to website development, gaining hands-on experience in HTML, CSS, Javascript & its frameworks. Collaborated with a dynamic team to implement new features and enhance user experience during the 5-month internship.

PersistentMartian Internship
06/2022 - 07/2022

Persistent Systems
Pune, Maharashtra, India

Acquired expertise in Database Management Systems (DBMS), Computer Networks (CN), Object-Oriented Programming (OOPs), Data Structures and Algorithms (DSA) , and Operating Systems (OS) during a rigorous 1-month virtual training internship.

PROJECTS

Personal Portfolio Website

Designed and developed a dynamic and responsive personal portfolio website using HTML, CSS, JavaScript, and PHP to showcase skills and projects effectively.
https://pakshal-portfolio.netlify.app/

Blog Web App

Developed a dynamic Blog Web App using the MERN (MongoDB, Express.js, React, Node.js) stack. Created an intuitive user interface with React, implemented backend using Express.js, and integrated MongoDB for efficient data management. Enabled user authentication, responsive design, and deployed on Heroku.
Blog-App-website-link

Rising Star Academy

Designed and developed a dynamic website for Rising Star Academy using HTML5, CSS, and JavaScript, creating an interactive user interface to showcase programs, faculty, and achievements. Ensured optimal viewing across devices, enhancing the user experience.
